Dear Exhibitor,

We are proud to announce that Nampo in association with FarmSpace is bringing you a whole new Nampo App this year. The App is focused on making your exhibit more visible to visitors as well as helping them navigate to your stand. Finally we also want people that cannot visit Nampo to have access to everything happening during the week. We need your help to be able to do this properly. The more correct information we have, the better we can develop the service.
