CBOT-mielietermynkontrakte het Vrydag laer gesluit, hoofsaaklik onder druk van winsneming en tegniese verkope ná die onlangse styging in pryse. Die naderende lang Labor Day-naweek het ook handelaars aangemoedig om risiko te verminder en wins te neem. Verder het die vroeë begin van die Amerikaanse mielie-oes proses in dele van die Delta, Nebraska, Kentucky en Missouri verdere druk op pryse geplaas.

CBOT corn futures closed lower on Friday, mainly under pressure from profit-taking and technical selling following the recent rise in prices. The approaching long Labor Day weekend also encouraged traders to reduce risk and lock in profits. In addition, the early start of the U.S. corn harvest in parts of the Delta, Nebraska, Kentucky and Missouri added further pressure to prices.

CBOT-sojaboontermynkontrakte het Vrydag laer gesluit, ondanks sterk vraagseine nadat 'n daar 'n verkope van 9,2 miljoen bushels sojabone aan onbekende bestemmings aangekondig is. Tegniese verkope en winsneming het moontlik die mark onder druk geplaas, met handelaars wat ook posisies verminder het voor die lang Labor Day-naweek. Die breër sojakompleks het ook laer verhandel, met sojaboonolie wat meer as 1% gedaal het.

/

CBOT soybean futures closed lower on Friday, despite strong demand signals following the announcement of a sale of 9.2 million bushels of soybeans to unknown destinations. Technical selling and profit-taking may have placed pressure on the market, with traders also reducing positions ahead of the long Labor Day weekend. The broader soybean complex also traded lower, with soybean oil falling by more than 1%.

CBOT KC HRW-koringtermynkontrakte het Vrydag laer gesluit, hoofsaaklik onder druk van winsneming en tegniese verkope ná die onlangse sterk styging in koringpryse. Berigte oor moontlike verdere Rusland-Oekraïne-vredesgesprekke het ook van die geopolitieke risikopremie uit die mark gehaal en verdere druk op pryse geplaas. Swakker Amerikaanse koringverskepings het die negatiewe sentiment verder versterk, met Julie se verskepings wat op 'n vierjaarlaagtepunt was.

/

CBOT KC HRW wheat futures closed lower on Friday, mainly under pressure from profit-taking and technical selling following the recent strong rise in wheat prices. Reports of possible further Russia-Ukraine peace talks also removed some of the geopolitical risk premium from the market and placed additional pressure on prices. Weaker U.S. wheat shipments further reinforced the negative sentiment, with July shipments at a four-year low.
